## Music School Gets Organs, Especially Built, for 1954

Two new organs, a large pipe organ and a studio organ, are being built for MSU's music school by the M. P. Moeller company of Hagerstown, Md.

The organs, scheduled for installation the first of 1954, may be ready earlier, according to word received by music school officials.

The large auditorium organ will include 2,329 pipes, ranging in length from 16 feet to that of a lead pencil. It will have 42 stops, with 33 distinct voices and 40 ranks of pipes, according to a music school release. In addition there will be a set of chimes, playable from two manuals or the pedal.

Pipes for the organ are built in sets, each set so designed, built, and voiced as to produce a distinctive quality of tone throughout the entire chromatic scale of the keyboard. There will be three keyboards, or manuals, for the hands and one for the feet.

The principal manual, great organ, will contain seven stops, or 610 pipes. This is the chief ensemble section of the entire organ, and includes flutes and ensemble stops known as diapasons, mutations, and mixtures.

The upper manual, swell organ, will have 11 stops, with 800 pipes. This section is used for accompanying with soft string or flute effects, and for solo use of oboe, vox humana, bassoon, trumpet, or for colorful ensemble brilliance.

There will be 11 stops with 659

pipes in the lowest manual, the choir. In addition to use as an accompanying instrument, it will have several of the softest stops in the organ, and some unusual stops such as the Cromorne and English horn. The pedal keyboard, played by the feet, will have 13 stops, or 260 pipes. This will be an unusually complete division, and capable of all types of independent solo and ensemble work, according to music school officials.

The entire instrument, excluding the console and blower, will occupy all the space across the rear of the music school auditorium stage, to a depth of about 12 feet and height of 20 feet. The blower room, where air pressure is supplied and maintained, and where direct electrical current is supplied to operate all of the organ actions, is immediately under the organ chamber in the basement. The console, including keyboards and all of the controls, will be placed in a recessed area in front of, and to the right of, the auditorium stage.

The new organs were designed with the aid of consultant LaVahn Maesch of Lawrence college.

# Duke, Work, Games, Koo Discussed at C-B Parley

Ticket sales for the Duke Ellington concert and dance totaled \$1,645 with net proceeds estimated at \$177.15, business manager Peder Hoiness reported to Central board Wednesday.

Expenses for Ellington included \$1,200 to the band, \$135 for advertising, \$3 for loudspeaker, \$13.85 for tickets, and \$125 to the Student Union. Boyd Baldwin, Seattle, Wash., was general manager, with Larry Gaughan, Missoula, and Shirley DeForth, Glendive, in charge of ticket sales.

A committee, composed of Pres. Norm Anderson, Hoiness, Dean Wunderlich, Cyrile Van Duser, and Paul Chumrau, agreed to work toward a solution of the student employment service problem. Initial reports on recent developments were given by Bob Newlin, Lewistown, Shirley DeForth, Miss Van Duser, and Dean Wunderlich. The service, formerly a part of the Placement bureau, was discontinued this year due to lack

of funds. At present, it is being operated in the Student Union office by Miss Van Duser.

Suggestions for operation included using students part time, hiring a full or part-time woman with funds from ASMSU, the Student Union, and the President's office, charging registration fee, charging commission, and the problem of where to put the office. Miss Van Duser, who has been operating the service for the past three days, said it kept her busy from 7 a.m. to 11 p.m., but that she had filled 49 of the 50 jobs offered in the past three days.

Vice-president Kay Hudson, Rapid City, S. D., reported that social chairmen of all organizations and living groups will meet at 4 p.m. today in the Dean of Students office, she emphasized.

George Cross, MSU men's intramural director, told Central board that he opposed the proposed games between top MSU and MSC intramural teams because of the problem of injuries. The contests were proposed by Anderson at last week's meeting. Anderson pointed out they might help increase interest in intramural athletics at MSU.

Cross also asked for approval of repairs on the Clover Bowl goal posts, which Central board granted. Briggs suggested that since there is so much repair work on the wooden posts, they should be replaced by steel posts, which could be paid for by a \$445 holdover from last year's intramural budget.

All but 21 of the 400 Community concert tickets for the 1953-54 season have been sold, according to Outside Entertainment committee chairman Pat Eyer. He said Patti Woodcock, Miles City, had been appointed general manager for the Virginia City Players double performance Oct. 23 and 24.

Dick Shadoan, Billings, recommended that Central board sponsor Dr. Koo as speaker for a convocation opening Religious Emphasis week. Dr. Koo, a philosopher and former Confucianist, is head of an Oriental relations department at Indiana, Shadoan said. Shadoan's suggestion was turned over to Outside Entertainment for consideration.

Jim Ryan, Anchorage, Alaska, said that freshmen would paint the "M" at 4 p.m. today. He discussed the five trophies to be offered for Homecoming floats, the varsity show, and the Homecoming queen.

Central board voted to have a Homecoming mixer in the Student Union Fish Bowl Saturday, Oct. 17. Kay Hudson suggested hiring a small band, and allowing Bear Paws to serve food.

Anderson asked for and received \$10 from the general reserve fund to finance a political rally for freshman elections.

## Frosh Repaint M Today in Exchange For Refreshments

Repainting of the "M" will begin today at 4 p.m., according to Jim Rayn, Missoula, chairman of Traditions board.

All freshmen are asked to meet at the north end of the east bleachers at 4 p.m. Ice cream will be served at the "M" and pop when the painters get back.

Water and lime will be hauled to the top of the hill in a jeep. The added expense for repainting the "M" will be \$30. Last year the "M" had to be repainted when more lime went on the students than on the "M." The same thing happened again this year.

Ray Howard, temporary freshman class president, urges all freshmen to turn out. So far 70 have signed up, but provisions have been made for more.

## Injured Sergeant Found in Building In Good Condition

The condition of M/Sgt. John N. Southern, 534 Eddy avenue, who was found in the ROTC building yesterday morning suffering from a gunshot wound, was reported as good.

His doctor said that he will have to remain in the hospital for several days because of loss of blood.

Sergeant Southern, who is originally from Seattle, Wash., has been instructing basic ROTC since last May.

Lieutenant Engbord has been appointed to investigate the case.

## Student Union Positions Are Open for You

Positions are now open to those interested in taking an active part in Student Union affairs.

Some new committees have been organized this year so everyone is urged to sign up for one or more.

A list of the activity committees which students may sign up for and what they do are:

Art: Promotes art and art displays.

Dance: Promotes Union dances and supervises the Fish Bowl.

Games: Promotes all game room facilities.

Hobbies-Crafts: Promotes hobbies and crafts.

Lectures-Forums: Promotes and co-ordinates all lectures and forums.

Music: Promotes concerts, and has full charge of the record room.

Student Union personnel: This committee has the responsibility that a "Chamber of Commerce" would have in a city. It has charge of all the publicity, plus records,

## Today's Meetings

Phi Alpha Delta luncheon, Eloise Knowles room.

Sentinel pictures, 1-5, Makeup room.

Press club, scheduled for 4 p.m., postponed.

Christian Science, 7 p.m., Eloise Knowles room.

Square dancing, 7-9 p.m., Gold room.

International Relations club, 7 p.m., Bitterroot room.

Inter-varsity Christian fellowship, 8 p.m., Eloise Knowles room.

Phi Sigma society, biological honorary, 7:30 p.m., N207, organizational meeting.

IVCF, 8 p.m., Eloise Knowles room.

Junior class officers, Kaimin office, 7.

## Hays, ROTC Instructor, Served, Studied Overseas

Lt. Col. Samuel H. Hays, the new professor of military science and tactics of the Army ROTC department at the University, is a well educated and traveled officer.

Colonel Hays graduated from the Boise high school in Boise, Idaho in 1937. He was a member of the 116th Cavalry regiment of the Idaho National Guard for four years. He attended the Boise Jun-

ior college in 1937 to 1938. In 1938 he entered the Military academy at West Point and graduated in

1942 with a bachelor of science degree and a commission in the United States Army as a second lieutenant.

During World War II, he served with the 94th Infantry division in the United States, England, France, Germany, and Czechoslovakia until 1945.

In 1946 Colonel Hays went with the Grady mission to Greece to observe the Greek elections to see that the elections were kept in order. Also in 1946 he served with the 39th Infantry of the Ninth division in southern Germany.

He attended the European Intelligence school at Oberammergau, Germany in 1946 to 1947. He returned to the United States in 1947 to instruct social sciences at West Point until 1950.

After receiving his Master of Arts degree in political science at Columbia university in 1950, Colonel Hays went back to Germany to serve with the 26th Infantry regiment of the First division and stayed there until 1953.

He is living at Fort Missoula with his wife and four children, Richard 10, Donald 6, Thomas 2, and David 10 months.

## IVCF HAS FIRST MEETING TONIGHT

The Inter-Varsity Christian Fellowship will have its first meeting tonight at 8 in the Eloise Knowles room in the Student Union. The fellowship is a non-denominational association of evangelical students.

Colonel Hays graduated from the Boise high school in Boise, Idaho in 1937. He was a member of the 116th Cavalry regiment of the Idaho National Guard for four years. He attended the Boise Jun-

## Today's Weather

Missoula and vicinity—Fair today with variable high, thin clouds. Continued warm today and Friday. Maximum temperature expected near 75 degrees.

Yesterday in Missoula—Maximum 77 Minimum 36

## Associate Editor Position Open

Applications for a Kaimin associate editor must be submitted to Publications board by 4 p.m. Tuesday, chairman Jim Larcombe announced.

Applicants must have served on the Kaimin or have had one year's practical newspaper experience and must have attended MSU at least two quarters, including the one in which they are selected.

Applicants should submit a letter to Publications board at the Student Union business office or to chairman Larcombe by 4 p.m. Tuesday.

## Pool Open Today For All Women

Recreational swimming for all women will be Thursday from 4-6 p.m. at the Men's gym. Suits are furnished. Swimmers must bring caps and towels.

Women trying out for Aquamads, women's swimming organization, may practice at this time, according to Deanne Thorsrud, adviser. Tryouts will be next week.

office, Union awards, information center, and putting out the Union program booklet.

Theater: Promotes all theater activities such as drama, movies, and shows.

A chairman will be chosen from each of these committees to make up the Student Union Activities council, which is the co-ordination level of the Student Union organization.

Positions are also open on the House, Finance, and New Union committees, which are concerned with the executive policies of the Student Union.

Application blanks can be found in the Student Union store or Cyrile Van Duser's office.

## From Hiligerlee to Hellgate . . .

MSU's 47-bell memorial carillon was installed yesterday under the watchful eyes of hundreds of students and faculty. The carillon was transported from the Royal van Bergen Bellfoundries in Hiligerlee, Holland to MSU by way of the Panama Canal and Seattle.

# Politicos Opinionate Freely On Big Bands, New Shows

By  
Norm Anderson  
and  
Peder Hoiness

As Told to  
Ray Moholt

I would rather lose a hundred dollars on a good name band the students enjoy than break even or make money on a mediocre or second class band. We have a good reputation for providing good entertainment and we want to keep it up.

There is no set number of name bands scheduled for the year. It is a question of getting a good band at a good price.

There have been rumors that Ralph Flanagan and Billy May are to appear on campus but there is nothing definite on this. We would like to get these two artists, but no arrangements have been made yet.

There is a chance that the next "Big Name" dance may be in the Field House. No rentals have been set for use of the Field House and a dance floor has not been contracted.

I was pleased with the Duke Ellington concert-dance. The concert cost an additional \$200, but I feel it was worth it and I think the appearance of the Duke was a success.

## AT THE HEALTH CENTER

Richard DeGoller, Missoula, and Wally O'Donnell, Havre, were admitted to the Infirmary.

## The Montana KAIMIN

Established 1898

The name Kaimin (pronounced Ki-men) is derived from the original Selish Indian word and means "something written or a 'message'."

Published every Tuesday, Wednesday, Thursday, and Friday of the college year by the Associated Students of Montana State University. Represented for national advertising by National Advertising Service, New York, Chicago, Boston, Los Angeles, San Francisco. Entered as second-class matter at Missoula, Montana, under Act of Congress, March 3, 1879. Subscription rate \$3.00 per year.

If, in the future, the intramural department decides to compete with MSC intramural teams this is the way it will have to be financed, according to present plans.

George Cross, intramural director, can set up a reserve out of his present budget or, if he can show an expansion in his budget, ASMSU will be able to increase the amount of money intramural receives.

The all-school show, to be staged this spring will have to be self-supporting. ASMSU will not accept part of the financial burden as it did with La Bohme in the spring of 1952. I would like to see the show go on tour of the state but this is a financial impossibility due to the large number of students involved.

The concert-dance appearance of Duke Ellington made a profit of approximately \$178. The purpose of Big Name bands committee is not to make money, but to bring entertainment of high calibre to MSU students.

## Max Makich Gets Pharmacy Award From Foundation

Max A. Makich, Great Falls, has been awarded an American Foundation for Pharmaceutical Education scholarship for 1953-54, Dean Jack E. Orr announced. The \$125 scholarship was awarded Makich, a junior in the School of Pharmacy, by action of the pharmacy school faculty.

Makich, who transferred to MSU last winter quarter from the College of Great Falls, has a 3.68 grade point average for his first three quarters at the University.

Funds for the scholarship are made available by the American Foundation for Pharmaceutical Education, a non-profit organization composed of representatives from 10 leading organizations in the field of pharmacy. Income is derived by the foundation, which has aided more than 1,000 students complete their pharmacy education, from the contributions of 165 patrons in the pharmaceutical industry.

## Kams and Dregs Discuss Project

Kams and Dregs will have a very important meeting at 9 p.m. in the Bitterroot room in the Student Union. Old and new members are urged to attend.

Plans for tapping new members and plans for the Kams and Dregs' Homecoming project will be discussed. Each Kam and Dreg should bring to the meeting one original idea for Homecoming and for tapping, according to Sue Mann, Glasgow, president.

## LITTLE MAN ON CAMPUS

BY DICK BIBLER

"Then on the other hand I never was sensitive about anyone seeing my term grades."

## ROTC Students Seek Commissions

Five Army ROTC students have submitted applications for a regular Army commission, according to Maj. Charles G. Ray of the ROTC.

The five men are Gerald C. Guettler, Elbert B. Hill, William H.

Dankers, Neal B. McCurdy, and Maurice K. Knudson. These men will be notified Dec. 15 if they are accepted.

Major Ray also said that four men from last spring's graduating class have received regular Army commissions. These men are Henry Laskiewicz, Bill Rife, Robert Mooney, and Lewis N. Elmore Jr.

## Libe Survey Room Readjusts Hours To Satisfy Demand

"Circulation of textbooks for the survey courses in the biological and social science courses did not justify the maintenance of service on an hour-by-hour basis for eleven hours a day, five and a half days a week," said Miss Edith L. Guyor, circulation librarian.

Since the statistics compiled from previous years indicated that the heaviest demand for these books came in the two hours of late afternoon and on Monday and Wednesday evenings, a schedule was set up in accordance with this demand.

Books listed on the bibliography for the biology survey courses may be checked out over a desk in the corridor opposite room 118-119 Monday through Friday between 3-5 p.m. and Monday and Wednesday between 7-10 p.m. A limited number of the books are available at the main circulation desk for students who are unable to secure them during these hours.

Shelving could not accommodate all the books so those used for the survey courses in the social sciences and books placed on two-hour reserve by members of the faculty are available at the main circulation desk.

Rooms 118-119, formerly used as a reserved book reading room, are open as general reading rooms from 8 a.m. until 10 p.m. Monday through Thursday, and from 8 a.m. until 5 p.m. on Friday.

# Grizzlies Meet Pioneers At Denver Friday Night

At 5 o'clock this morning the Grizzly football team, 26 strong, left for the Mile High town and their game with the Denver Pioneers. The squad will arrive in Denver Friday morning at 7:45 and play that night at 8.

This week the Grizzlies have been running dummy scrimmage against the various Denver offenses, using diagrams that Harry Adams brought back from his scouting trip to Fort Collins last week.

If Montana can play the kind of ball in the second half that they do in the first half and if Dick Heath and Dick Imer continue to rack up the yardage they have in previous games, the Grizzlies have a better than average chance to nail down their first Skyline win. Montana's chances will also be enhanced by the return of big Tom O'Brien to the line-up. O'Brien sat on the bench during the Idaho game nursing a severe leg injury that was incurred during the Wyoming contest.

According to figures just released by the office of the Skyline commissioner, Dick Heath continues to lead Skyline passers with 23 completions in 66 attempts, for a total of 366 yards and three touchdowns. Dick Imer is the conference leader in pass receiving. He has caught five tosses for 134 yards and two TDs. He also leads the Grizzlies in rushing, having lugged the leather 32 times for a total of 199 yards. Shupe and Campbell are the next ranking ground gainers with 95 and 87 yards, respectively.

Denver's left halfback Fred Tesone and quarterback Jim Bowen rank high in national and Skyline statistics so far this season. Tesone is back with the Pioneers after two years in the service. He drew many commendations for his outstanding grid play in the service.

Jim Bowen, a 19-year-old 155 pound sophomore, completed over 50 per cent of his passes on the frosh squad last year. His passing ability has already made him a standout in the Skyline conference.

Denver's top lineman is big Moana Kaloi from Honolulu. He stands six feet tall and weighs 190 pounds. Last season he was seldom pushed around as a defensive lineman for the Pioneers. He received four of the seven outstanding lineman votes in the Drake game this fall.

The probable starting lineups for the two teams are:  
Pos. Montana Denver  
LE Keith Peterson Biviano  
LT Paul Weskamp Moana Kaloi  
LG Jim Burke Bob Nyman  
C Joe Roberts Artie Sorge

RG Joe DeLuca Mason Gilfray  
RT Owen Deuchler Martin Hicks  
RE Ed Anderson Dick Kenny  
QB Dick Heath Jim Bowen  
LH Dick Imer Fred Mahaffey  
RH Dale Shupe Fred Tesone  
FB Bob Dantic Walt Anderson

## Rifle-Arm Heath

(Ed. note: This is the second in a series of Grizzly football pictures printed for the purpose of acquainting football fans with the players.)

Dick Heath, Montana's rifle-arm quarterback, is playing his first year as regular quarterback for the Grizzlies. He was considered one of the best quarterbacks ever to hit the University in 1950 when he was field general for the frosh team. Heath stayed out of school the following year and came back last year to alternate with Murdo Campbell on offense and win a starting berth on defense. An early season injury put him on the sidelines for the remainder of the season.

Heath is a junior this year as an education major. He is 5 feet 11 inches tall, weighs 170 pounds, and hails from Miles City. After three games, Heath is leading the Skyline conference in passing with 23 completions in 66 attempts for a gain of 366 yards and 3 touchdowns.

Heath is married and has a baby boy.

## Forward Passes

BY BOB NEWLIN

Most Grizzly fans are almost satisfied that the Montana club will be on the bottom of the Skyline conference this year. Things aren't looking good so far but it is surprising how much spirit still remains with the thrice-beaten Montana squad. Injuries have dropped the team roster to 26 members, one of the smallest squads in the Skyline. Despite our losses of games and players it looks like the Silvertips are ready for their first victory of the season against Denver university Friday night.

Denver has won two non-conference games over Colorado college and Drake university this season. They lost their only conference game to Colorado A & M 21-6 last week end.

Montana and Denver have played two games in Skyline history. In 1951 the Pioneers racked up 55 points to the Grizzlies' 0, but last year the Montana gridders evened the score with a 17-7 victory. This was the only conference game Montana won last year.

Lack of school spirit has prevailed at Montana for a long time. A small group of Idaho fans sat across the field from the student section in Dornblaser stadium last week end. The student section was packed with Montana fans. Four girls led the Montana cheers and one boy led the Idaho cheers. What happened? Idaho drowned out the Montana section with noise.

Jim Ryan of Traditions board is doing his best to stimulate more school spirit. Since the Idaho game he is especially concerned with this problem. Ryan is planning a different seating setup for students and possibly a

## Humanities Leads League With Five

Humanities bowling team jumped into the lead in the faculty bowling Tuesday night by winning all three of their games from the Administration team. This gives them a record of five wins and one loss.

Maj. Edward Zeuty of the Air Science team was again the winner of the high individual series, with a 562. He also had the high game of 225. Kirk Badgley of the Administration team placed second in both the individual series and the high game. He rolled a 511 and 202, respectively.

Business Administration had the high team series with 2,230, and also the high team game, having collected a 791.

In Tuesday night's games other winners were Air Science, Journalism, and Physical Ed, two games each, and Natural Science, Chemistry-Pharmacy and Business Administration, one game each. The teams rotate opponents each week and their standings are computed on that basis. The standings to date:

Team—	W	L
Humanities	5	1
Business Administration	4	2
Air Science	3	3
Chemistry-Pharmacy	3	3
Physical Education	3	3
Administration	2	4
Journalism	2	4
Natural Science	2	4

# League B Teams Tote Pigskin This Afternoon

League B touchball teams will tote the pigskin on the Clover bowl this afternoon at 4 in their first games of the season and the second day of the 1953 Intramural touchball program.

Phi Delta Theta will meet Jumbolaya on field 1 in a game that will include quite a number of experienced boys from preceding years. Coach Durwood Johnson

said Urvan Roth and Bob Malmstad, PDT guards, will be the strong points in his line. He is also satisfied with the showing of Connie Orr and Jack Burn in the tailback position. P. J. Casey will be an experienced blocking back in the lineup.

Jumbolaya has a large crew of star high school players from previous years bolstering its squad. Bob Hendricks, who played for PDT last year, will be spearheading the Jumbolaya passing attack. Bob Murray, another outstanding backfield man from last year will play one of the halfback positions.

Phi Sigma Kappa will meet Craig hall No. 2 on field 2. John Bennett at center is one of the strongest blocks in the PSK forward wall. Fleet-footed Floyd Smith of University track fame is running good in the backfield.

Alpha Tau Omega will occupy field 3 against Sigma Alpha Epsilon, defending touch football champs. The ATOs have Forrest Liebe back at end, Harvey Young at tackle, and Jim Mirehouse and Bill Holt as experienced backs.

The SAEs will have a strong group of boys back from last year's championship squad. Ted Cogswell and Ron Faust, both experienced backfield men, will lead the SAE running and passing attack. SAE also has some promising freshmen in the backfield. Marsh Murray and Don Erickson, two of last year's top touchball linemen, are in the SAE lineup for their last year.

George Tarrant and Rieder will officate on field 1. Don Clark and Grandy will take over on field 2; and field 3 officials are Bill McMaster and Talcott.

## Foresters, SNs Down Craig, Theta Chi Teams

The Sigma Nu and Forestry touch football teams were victors in last night's opening Intramural gridiron contests on the Clover bowl. Sigma Nu squeezed by Theta Chi 7-6 and the Forestry nine defeated Craig hall No. 19-7.

Sigma Chi and Sigma Phi Epsilon were scheduled to play on field 3 yesterday but the game was postponed until today. Both sides agreed to this setup.

Jack Pearson passed to Ken Duffy for the only Sigma Nu touchdown and Jim Laux kicked the winning extra point. The Sigma Nus had a strong aerial and running attack. Two of their touchdowns were called back on penalties.

Dick Tracy, Theta Chi's field general, passed to Ralph Rundle for their touchdown. The try for an extra point was no good.

Pat Ryan scored once and Bill Fredeking twice for the Foresters' three touchdowns. John Spencer made the conversion.

Limb went across the goal line for Craig hall's only touchdown and Stepenson made the conversion.

white shirt section if the weather permits. There will also be new cheerleaders.

When the Homecoming game is played here Oct. 17 the students should put their vocal chords to use for the afternoon. It won't hurt at all. Don't let our Traditions board chairman, new cheerleaders, and most important, our team go away wondering what is wrong with student spirit at MSU. Remember, winning isn't the most important thing in a football game.

**Presto-Logs**  
**75¢ 10 ROLL  
DEAL**  
You "LUMBER JACKS" in the forestry school start figuring NOW what the best future and opportunity in wood products is for all of us after graduation. Look what is happening to the old sawdust piles now going into clean burning fuel for only 75¢ for 10 rolls. Education and common sense always go hand in hand. E.E.M.  
**BITTERROOT  
MARKET**

**T**HE price of almost everything you buy today is a good deal higher than it was in 1939.

The U.S. Cost of Living Index is up 87%.

The cost of building a new home is up 141%.

The F.O.B. price of a new, popular-priced 2-door sedan is 148% higher.

Even railroad freight rates—which are set by the U.S. Interstate Commerce Commission—are up 82%.

The reasons for this are obvious. Prices are higher because costs are higher.

Costs in the oil industry are no exception. The cost of building a Union Oil Service Station has gone up 200 % since 1939. Our other construction costs are up 149 %. And the cost of steel pipe—just one of the materials that we use by the trainload—is up 88 %.

**In spite of all this, however, the price of our 76 gasoline has gone up only 66%\*.**

Why haven't gasoline prices gone higher? First, our U.S. oil companies are operating in an intensely competitive industry.

Second, U.S. oil companies are big enough to finance vast programs of research. So our technological progress has been great.

By plowing back profits into better facilities, by improving processes and products through research, by eliminating waste at every point, our U.S. oil companies have been able to offset their rising costs with greater efficiency—and keep their prices down.

\*Average U. S. prices for all gasolines have increased no more than this.
